Oxitec team – please see an additional Oxitec inquiry from Rep. Mucarsel-Powell constituent. I think you're responding separately to the attached letter, as it's a form letter with some modifications (I noticed the same misspelling in the letters – Nuremberg trails/trials). Once the main response is developed, we can provide a similar response to the other related Oxitec congressional inquiries. Please let me know our response and if any questions. Thanks,
Sven

Oxitec Team – a second constituent inquiry from Rep. Mucarsel-Powell on Oxitec. I think we can use the answer to the earlier Oxitec question (Meagan Hull) since this new request is less detailed. Thanks, Sven

Subject: Constituent Request - Office of Congresswoman Debbie Mucarsel-Powell: Ms. Mara Daly

To Whom it May Concern,

I hope this email finds you well. I am writing from the Office of Congresswoman Debbie Mucarsel-Powell on behalf of one of our constituents, Ms. Mara Daly, regarding her concerns with the EPA's approval of the EUP for Oxitech to release a genetically modified subspecies of mosquitos in the Florida Keys.

The constituent is requesting an investigation over the EUP because she believes there are significant environmental and health risks regarding this trial that lacks transparency and oversight. Can you please provide our office with guidance on how we can best assist our constituent with this request?

Your full and fair consideration, consistent with all applicable laws, rules, and regulations, is greatly appreciated. I have attached a Privacy Release form and the necessary documents for your review. If you have any further questions regarding this case, please contact me at the number or email shown below.

Warmest Regards,

Christopher Reyes
